Aloaha PDF Editor

Aloaha PDF Editor is a lightweight PDF Editor - included for free in the Aloaha PDF Suite. Did you ever encounter the problem that you want to fill in your Paper Form electronically? This is one Feature our PDF Editor supports!

Aloaha PDF Editor supports the following features:

- **Sticky Notes**
  Open your PDF with Aloaha and add your **Sticky Notes/Annotations** to the document.
- **URL Hot Spots**
  Create Hyperlink Areas in your document.
- **Text Stamps**
  Place your Text Stamps on your document. Very usefull in **Paper to PDF** environments. Just scan your paperform, print it to Aloaha and fill the form with the Aloaha Editor!
- **Text Forms**
  With just a few mouse clicks you can add your own form fields to any PDF document or fill and save existing PDF forms.
- **Image Stamps**
  Image Stamps allow you to embed graphic inside an existing PDF document.
- **Attachments**
  embed/attach files to your PDF document
- **Digital Signatures**
  Sign your existing PDF with your digital certificate!
- **Copy** page as EMF to Clipboard.
- Print page to default printer.
- Print complete document to default printer.
- **Delete pages** from existing PDF documents.
- **Extract single PDF page** from existing PDF documents
- Edit PDF properties such as **Author, Subject, Title and Keywords.**
- **PDF Form Filler / Form Saver**
  Fill your PDF Forms and save them locally!
- **Digital Rights Management (DRM)**
  Change document permissions
- View/Edit/Sign PDF documents without Adobe Reader installed
- Digitally Sign your PDF documents **via VBS/ASP**.
  COM Interface included. Sample script available **here**.

All these features are available without the LiveCycle Server or LiveCycle Server enabled documents.

Please note that only Aloaha generated PDF documents are supported by the Editor - others might work depending on the producer.

In case you need additional functionallity please let us know.
